

Summary of the environment champion report, June 2026.

Great news on the adoption of the Biodiversity Policy and on joining the Dorset Nature Recovery Network. I and Sustainable Thornford may be able to help with planning for the implementation of the Policy if required..

Rain Water storage was a hot topic at the CPRE webinar, and the PC may be able to help with Planning Application comments/requests. Carbon Literacy Training is recommended via Dorset Council, next course in November £60 fee for two days online.

Community resilience Plans, some Dorset Councils are commencing work on these, it could be a topic to add to the PC Parish Survey/Questionnaire.

The Peoples Emergency Briefing is recommended by me for viewing, next showing in Dorchester on 13th July.

Watermark Town/Parishes, a Wessex Water initiative, open to Parish Councils encouraging rain water storage amongst other things, applications are open from November.

Nature. DWT have a new fund for Nature connections across North Dorset, it would be good to make contact to see if any benefits available for the Parish.

Working together Webinars, from Dorset Climate Liaison, next one 30th June on Travel.

Climate, a few stats from May for your update.
